WATERLOO | UTILITY REPLACEMENT

Synthetic asset registry on public Ontario road geometry

CONDITION

Water | condition
- 1 Good
- 2 Fair
- 3 Moderate
- 4 Poor
- 5 Very poor

1,146 synthetic assets
173.3 km of pipe
548 due in 2026
$453.1M current replacement cost

READING THIS MAP

Water, sanitary and stormwater are drawn on road corridors. Offsets separate invented pipes.

Priority: 60% condition, 30% age, 10% unit cost exposure.

Age view is available in the QGIS Layers panel.

SYNTHETIC DATA | NOT FOR EXCAVATION OR MUNICIPAL BUDGETS
